Pangea Systems receive LANDesk Awards for Excellence

Year on year top wins for dedicated Platinum Partner

For the third consecutive year Pangea Systems has been awarded EMEA accolades by LANDesk Software in recognition of the continued growth and success of Pangea as a leading LANDesk Platinum ESP Partner. The Awards presented were for:

LANDesk's Top ESP Sales Producer in Northern Europe, 2008
LANDesk's Top New Business Producer in Northern Europe, 2008

CEO, Andrew Porter was delighted to accept the awards stating, 'I am immensely proud of the committed team of professionals we have at Pangea Systems who, through their focus and dedication in driving the business enables us to achieve such recognition by LANDesk Software'.

He continues; 'These awards substantiate Pangea's position in the Systems Lifecycle Management market place as the leading solution provider, and is a testament to the value and service we provide our client base. If it wasn't for the continued support and loyalty of our customers, we wouldn't be in this position year on year'.

'I am delighted to yet again be presenting Awards for Excellence to Pangea Systems for their continued support of LANDesk Software. Each year Pangea exceeds their previous record. Their total drive and perseverance never fails to amaze me,' commented John Dawson, Channel Manager LANDesk Software.
